SUMMARY

Enthusiastic and detail-oriented developer with hands-on experience in web development and software development. Skilled in Python, PHP, SQL, HTML, CSS, and MySQL, with experience building web applications and database-driven solutions. Strong problem-solving abilities, quick learning skills, and a passion for developing efficient and user-friendly applications.

WORK EXPERIENCE

Industry Intern – Lenovo(Pvt)

Aug 2023

- Contributed to client projects involving Assembly, Testing, Operation of LED Monitor and Work Experience.
- Conducted Testing research, implemented Application and Sensor Testing and assisted in production development.

Web Development Intern | Cognifyz Technologies(Remote)

JAN 2026

- Completed a Web Development Internship at Cognifyz Technologies, gaining hands-on experience in HTML, CSS, PHP, and MySQL.
- Developed responsive web applications with database integration and dynamic functionalities.
- Strengthened problem-solving, teamwork, and communication skills through real-world project development and collaboration.

PROJECT

Work Force Automation (Labour Provider Website)

College Project | HTML, CSS, JavaScript, PHP, MySQL

- Implemented a pre-booking system for customers to schedule labour services.
- Developed a system for labour providers to manage their profiles, availability, and services offered.
- Built front-end using HTML, CSS, and JavaScript for a user-friendly interface.
- Developed back-end with PHP and MySQL for user registration.

Smart Placement Management System (PHP, MySQL, Python ML)

- Developed a web-based placement management system to automate student registration, job applications, resume management, and candidate shortlisting.
- Integrated Machine Learning using TF-IDF and Cosine Similarity to analyse resumes and rank candidates based on job requirements.
- Implemented analytics dashboards, role-based authentication, and placement reporting.

EDUCATION

Master of Science in Computer Science

Pondicherry University, Puducherry (2024-2026)

CGPA – 7.34

Bachelor of Computer Applications

Rajiv Gandhi Arts and Science College, Puducherry (2021-2024)

CGPA – 6.93

TECHNICAL SKILLS

- **Programming Languages:** Python, PHP, SQL
- **Web Technologies:** HTML5, CSS3
- **Databases:** MySQL, Oracle SQL, PostgreSQL
- **Libraries & Frameworks:** NumPy, Pandas, Pygame, Python Turtle
- **Tools & IDEs:** Visual Studio Code, PyCharm, Jupyter Notebook, Google Colab, MySQL Workbench
- **Version Control:** Git, GitHub
- **Other Skills:** Teamwork, Design Understanding, Problem Solving and Visual Design.

CERTIFICATIONS

- **The Joy of Computing using Python – NPTEL**
- **Train to Transform – Data Scientist (workshop) – Chanakya Education Hub (USA & India)**
